I appreciate the work

done by your staff. (Technically or administrative  
wise) it's commendable the way you are guiding  
the beneficiary on the whole I am very much  
satisfied from top to bottom and I personally  
congratulate to you in future.

The team over here are very co-operative cordial and eager to resolve the grievances. It is commendable that they worked even on National Holiday, to make us comfortable and to adjust our time schedule. The work seems to be satisfactory as I am not a technical person to comment on it.

The overall comment on this office is very satisfactory. I wish all success to the team and their leader.

Thanks

During/From the inception of this project, I have taken keen interest for early binarisation. However, although the project was too late, the staff, supporting staff, the project managers all are very co-operative, friendly and very enthusiastic. Before this, I have never seen such type of hospitality. No more words remaining wishing the entire team the very Best and Success in the future.

Bravo!

It is my pleasure to state here that the technical & administrative staff at the project site are very helpful, cooperative & committed to guide me during taking over process.

Mr. Birah, Project Incharge and his team here have done a great job on behalf of CGEWHD.

Today I look over D3/45. Thanks to CGEWHD for their endeavor towards the construction of DUB at Bhubaneswar.

Though there has been time delay but as it appears the team has done a great job.

Since 2006, all of us had been working with great enthusiasm for the completion of the first phase. Sadly the prices have escalated, which is quite pinching, the construction of the flat is decent.

We wish CGEWH to maintain their IT customer-friendliness and make all allottees happy.

I have received full cooperation from all the people in Bhubaneswar office. I wish them all the best and a very happy 2014.  
All the best.

We were quite satisfied with the flat. The response & co-operation of the Staffs is ~~too~~ very good, friendly. The process was of taking over was very simple because of their co-operation & stands up to their name CGEWTO.

I found the CGEWTO staff, posted at Bhubaneswar very friendly, extremely co-operative, warm-hearted and willing to take that extra mile to extend their helping hands without any hesitation. I take this opportunity to specifically name Mr. V. K. Bisrah, P-I-C, Mr. H. Haq, Mr. M. Veerappan & Mr. Manas Patra as they were willing to work on a Sunday (late afternoon) to help me complete the hand-over formalities. I strongly recommend the team to be in Phase II & complete the CGEWTO (BBSR) project on time.

Satisfied to get my flat after a long wait. The officials of COEWHO are very cooperative.

But I think there is a great scope of improvement in work quality. Being a centrally owned organisation COEWHO has a great potential to become one of the pioneers in the house building industry.
